

Corporate Identity

Our Mission:

As a part of the

Community

it is our

Passion

to service it with

Diligence

Australian Wings

Members of the Victoria Air Group

Community

We are not only employees of an airline. We are one community working together. Australian Wings and Victoria Airways achieve their goals together. And both serve one community.

The community of the people.

We are a part of this community.

Passion

We are proud to serve everybody. Friendly, gentlemanly and helpful to every wish of the customer for his or her complete satisfaction. We try harder as the competitors to fulfil our target together.

Not only taking passengers from A to B.

We are passionate on more than comfort.

Diligence

We think about everything before we act. With diligence we decide how we act. We do not only react to social or ecological issues. Our sense for diligence means we act for a sustainable environment.

Not only thinking about what happens next.

We think about what happens afterwards.
